CARRER OBJECTIVE

A motivated and adaptable individual with a strong desire for continuous learning and a knack for problem-solving. Eager to apply my knowledge and creativity to contribute meaningfully in a professional setting while growing into a role that adds value to the organization.

EDUCATION

Bachelor of Technology (B. Tech), Computer Science & Engineering
Ashoka Women's Engineering College

2023 – 2027
CGPA:8.37

Intermediate
Nalanda Junior College, Anantapur

2021 – 2023
percentage :87.3

Secondary School Certificate (SSC)
Z P High School, Kuderu

2021
percentage : 97.6

TECHNICAL SKILLS

- **Programming Languages:** JAVA, C
 - **Web Technologies:** Basics of HTML
 - **GEN AI | ML:** Machine Learning , Basics of Generative AI
 - **Core Skills:** Data Structures & Algorithms,
 - **Database Systems:** DBMS, SQL
 - **Tools:** VS Code
-

PROJECT

Mini project

Number Guessing Game (Java)

Role Played: Team Leader

Language: Java

- Developed a Java-based Number Guessing Game with user-defined range and random number generation.
- Implemented optimized guessing logic using binary search concept to limit attempts efficiently.
- Applied control structures (loops and conditionals) to manage game flow and validate user input.

Hangman Game (Java)

Role Played: Team Leader

Language: Java

- Developed a Java-based Hangman game using Java, applying loops, conditionals, and string operations.
- Implemented random word selection and user input handling to create an interactive gameplay experience.
- Showcases problem-solving ability and understanding of basic game logic and control flow.

TRAININGS ATTENDED

Grad street - data structures and algorithm program

(December 2025)

- Learned advanced problem-solving techniques in DSA and participated in mock technical contests. Topics covered: Arrays, Trees, Graphs, Strings, and more.
- Solved 200+ CodeChef coding problems and implemented problems in Java
- Solved 50+ coding problems in Leetcode in language Java.

PERSONALITY TRAITS

- **Growth Mindset** - Always open to learning and improving through feedback
- **Problem Solving Orientation** - Approach challenges with structured solutions
- **Collaboration & Remote Teamwork** - Experience working in hybrid/online teams
- **Time Management** - Ability to meet deadlines under pressure
- **Adaptability** - Comfortable with change and learning new technologies quickly
- **Digital Fluency** - Familiar with tools, platforms, and workflows in modern tech environments

CERTIFICATION

- Earned **NPTEL** Elite certification in Cloud Computing with a Silver Badge, securing 86% and ranking among the Top 5% performers.
- **Elite** certification in **NPTEL** portal on the course “**English Language for Competitive Exams**” (69%)
- Certification in **code chef** platform for course **Practice java**
- Certificate of Participation on ‘AI for Students: Build your own Generative AI Model’
Workshop conducted by **NXT WAVE**.
