Career Objective

Aspiring Software Engineer with knowledge of Full-Stack Development, Java, Python, SQL, and web technologies. Strong foundation in problem-solving, data structures, and software development. Eager to learn new technologies, contribute to innovative projects, and grow as a software professional in a collaborative environment.

EDUCATION

Ashoka Women's Engineering College, Andhra Pradesh	2023 – 2027
B.Tech in Computer Science Engineering	81.35%
K.V.R Memorial Junior College, Kodumur	2021 – 2023
Intermediate (MPC)	80%
ZPHS High School, Kodumur	2021
Secondary School Certificate (SSC)	90%

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL
Web Technologies: HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS
Database: MySQL
Tools: Git, GitHub, VS Code
Core Concepts: Data Structures & Algorithms, OOP, REST APIs
AI / GenAI: Fundamentals of Generative AI

PROJECT

HealthAxis – Hospital Management System

ReactJS, NodeJS, ExpressJS, MySQL

Developed a full-stack Hospital Management System using ReactJS, NodeJS, ExpressJS, and MySQL to streamline hospital operations. The system includes secure user authentication, appointment scheduling, and patient record management using RESTful APIs. Designed and optimized the MySQL database for efficient data handling and integrated frontend and backend components to ensure smooth performance and a user-friendly experience.

Personal Portfolio Website

ReactJS, JavaScript, HTML, CSS

Built a responsive personal portfolio website to showcase technical projects and skills. Designed a clean and modern UI with cross-device compatibility. Added features like resume download, project showcase, and contact section to improve recruiter interaction. Used GitHub for version control and project management. Explored AI-assisted development tools to improve productivity and workflow efficiency.

INTERNSHIP

Full Stack Development Intern – Thiranex (Remote)

Mar 2026

- Developed multiple web applications including Portfolio Website, Task Management System, E-Commerce Web Application, and Blog Platform.
- Built frontend and backend modules using ReactJS, NodeJS, ExpressJS, and MySQL.
- Designed and integrated REST APIs for seamless client-server communication.
- Performed debugging and optimization to improve application performance.
- Gained hands-on experience in full-stack development lifecycle and database integration.

TRAINING

Smart Interviews – Data Structures & Algorithms

Feb 2025

- Completed structured training focused on coding practice and problem solving.
- Solved 100+ coding problems using Python.

SOFT SKILLS

- Strong Analytical and Problem-Solving Skills
- Effective Communication Skills
- Team Collaboration and Interpersonal Skills
- Adaptability and Continuous Learning Mindset

CERTIFICATIONS

- | | |
|---|----------|
| • Data Analytics Job Simulation – Deloitte (Forage) | Jan 2026 |
| • GenAI Powered Data Analytics Job Simulation – Tata (Forage) | Jan 2026 |
| • Python for Everybody – Udemy | Jan 2026 |
| • Junior Java Developer Internship Certificate – YuvaIntern | Feb 2026 |
| • AI Literacy – IBM SkillsBuild | Dec 2025 |
| • Data Structures and Algorithms – Smart Interviews | 2026 |
| • Introduction to Database Systems – NPTEL | Apr 2025 |

ACHIEVEMENTS

- | | |
|---|----------|
| • Achieved Global Rank 10,135 among 52,630 participants in Smart Coder Program | Feb 2025 |
| • Solved 100+ problems on LeetCode | |
| • Developed multiple full-stack applications | |
| • Improved coding efficiency and optimization skills | |
